

Overview

[Introduction](#)

[The Team](#)

The Tata Business Excellence Group's (TBExG) capability building programmes help identify future business excellence leaders within the group. The capability building programmes help develop a steady pipeline of business excellence champions for the Tata Business Excellence Model (TBEM) assessment and also sharpen the assessment skills of experienced assessors.

TBExG runs capability building programmes with a two-fold aim: to develop champions who can drive business excellence in their organisations and to enhance the skills of assessors in different areas within the Tata group.

TBExG primarily offers capability building programmes that create capability within the Tata group to support the TBEM process, Subject Matter Expert (SME)-led Deep Dive Diagnostics and Group-wide Initiatives.

The Team

MK Nagabhushan
